DETAILED ACTION

The amendment and remarks filed on January 12, 2004 have been acknowledged and entered.

Claims 1-50 and 102- 111 have been cancelled.

In this amendment, claims 102-111 listed as pending claims; however claims 102-111 have been cancelled in the amendment filed 04/22/03. The claims should be written as 102-111 (cancelled).

The rejection under 35 U.S.C. 102(e) stated in paper No. 10 has been withdrawn in view of applicants' amendment.

The obviousness-type double patenting rejection stated in papers No. 6 and 10 is maintained.

The objection to the specification stated in paper No. 10 has been withdrawn in view of applicants' amendment.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 51-59, 74-83, 100-101, 112-118, 120, 123-125, 135-141, 143-150, 152-159, and 161-168 are rejected under 35 U.S.C. 103(a) as being unpatentable over Fujikawa et al.

This rejection stated in paper No. 10 is maintained.

Response to Arguments

Applicant's arguments filed 01/12/04 have been fully considered but they are not persuasive. Applicant's argument with respect to Fujikawa et al. is unpersuasive because dumping the fluid from the vessel is functionally equivalent to raising or removing the substrate from the fluid, and for the reason set forth in paper No. 10.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
